

# ***JSC GOLD SERIES***

Advantages of the dual card reader  
(Magnetic and IC “smartcard”)

***When looking for locks for your property why would you settle for anything less?***

The dual reader lock really has the best of both worlds;  
It combines high security with low cost.

- A.) Allows High security for Hotel employees and guest.  
IC Smart cards are high security key cards with no chance of the cards info being stolen.
- B.) Magnetic cards are very inexpensive, in some cases can be obtained for free.
- C.) No Down time. Has two sets of processors so if one card reader fails, you have a back up. (Nothing is worse than having your front desk clerk leave their position at night do to a door not opening with keycard.)
- D.) You are able to make your guest that frequent your hotel feels special with a high security card while saving money with the “one nighters” using magnetic cards.
